

Annexure

Survey questionnaire

The various construes and their relationship have been suggested in the conceptual model and will be tested quantitatively subsequently.

Conceptual model based on integrated multilevel theory and technology enhancement

Developed by the Authors

Hypotheses

H1: There is a significant relationship between Individual factors and the Integrated UAE Industrial-Academic Platform's successful implementation

H2: There is a significant relationship between Organizational factors and the Integrated UAE Industrial-Academic Platform's successful implementation

H3: The National factors influence the Integrated UAE Industrial-Academic Platform's successful implementation

H4: There is a significant relationship between International factors and the Integrated UAE Industrial-Academic Platform's successful implementation

H5: The Technology factors influence the Integrated UAE Industrial-Academic Platform's successful implementation

Demographic profile

This section is a collection of demographics of the participants for further analysis.

1. Please specify your age group in years

- < 15
- 16–25

- 26–39
- 40–50
- 51–60
- > 61

2. Please specify your gender

- Male
- Female
- Don't want to reveal

3. Please specify your income Group

- < 5001 AED
- 5001-10000 AED
- 10001- 20000 AED
- > 20001 AED

4. Please indicate your highest qualification

- Schooling
- Undergraduate
- Bachelors
- Masters
- Professional
- Doctorate

5. Please indicate your field of work

- Self Employed
- Trader
- Salesman
- Entrepreneur
- Housewife
- Student
- Teacher
- Advertiser
- Social Media User

Relation study between the independent variables and the dependent variable

6. Individual Factors (IF) –Individual Factors are a major issue as they depend on Mindset, Attitude, Adaptable, Competency, Education, Background.

I believe that the Individual Factors that will influence the Integrated UAE Industrial-Academic Platform Successful Implementation are: (Express your opinion on the statement by marking the most appropriate one)

Individual Factors (ILF)	Strongly Disagree (1)	Disagree (2)	Neutral (3)	Agree (4)	Strongly Agree (5)
Mindset (IF 1)					
Attitude (IF 2)					
Adaptability (LF 3)					
Competency (IF 4)					
Education (IF 5)					
Background (IF 6)					

7. Organizational Factors (ORGF) – The Organizational Factors are a major influence as they depend on Organization Culture, Top Management Support, Infrastructure, Competitive Advantage, and Resource allocation. I believe that the Organizational Factors that will influence the Integrated UAE Industrial-Academic Platform's Successful Implementation are: (Express your opinion on the statement by marking the most appropriate one)

Organizational Factors (ORGF)	Strongly Disagree (1)	Disagree (2)	Neutral (3)	Agree (4)	Strongly Agree (5)
Organization Culture (ORGF 1)					
Top Management Support (ORGF 2)					
Infrastructure (ORGF 3)					
Competitive Advantage (ORGF 4)					
Resources allocation (ORGF 5)					

8.) National Factors (NF) – The National Factors are a major issue as they depend on Formal Agreements, Policies, Government initiatives, Funding, Commitments

I believe that the National Factors that will influence the Integrated UAE Industrial-Academic Platform's Successful Implementation are: (Express your opinion on the statement by marking the most appropriate one)

National Factors (NF)	Strongly Disagree (1)	Disagree (2)	Neutral (3)	Agree (4)	Strongly Agree (5)
Formal Agreements (NF1)					
Policies (NF2)					
Government initiatives (NF3)					
Funding (NF4)					
Commitments (NF5)					

9. International Factors (INTLF) – The International Factors are a major Influence as they depend on Collaboration & Partnership, Standardized Practices, Common Accreditation, SDG Initiatives, Student-centric systems and Vocational Curriculum & RPL

I believe that the International factors for the Integrated UAE Industrial-Academic Platform Successful Implementation depend on: (Express your opinion on the statement by marking the most appropriate one)

International Factors (INTLF)	Strongly Disagree (1)	Disagree (2)	Neutral (3)	Agree (4)	Strongly Agree (5)
Collaboration & Partnership (INTLF 1)					
Standardized Practices (INTLF 2)					
Common Accreditation (INTLF 3)					
SDG Initiatives (INTLF 4)					
Student-centric systems (INTLF 5)					
Vocational Curriculum & RPL (INTLF 5)					

10. Technology Factors (TF) – The Technology Factors are a major Influence as they depend on Integrated Platforms, Emerging Technologies, Cost efficiency, lower education costs, and Blended learning

I believe that the Technology factors for the Integrated UAE Industrial- -Academic Platform Successful Implementation depend on: (Express your opinion on the statement by marking the most appropriate one)

Technology Factors (TF)	Strongly Disagree (1)	Disagree (2)	Neutral (3)	Agree (4)	Strongly Agree (5)
Integrated Platforms (TF1)					
Emerging Technologies (TF2)					
Cost efficiency (TF3)					
Less Education costs (TF4)					
Blended learning (TF5)					

11. Integrated UAE Industrial- Academic Platform Successful Implementation (IUIAPSI) – The Integrated UAE Industrial- Academic Platform Successful Implementation Factors are a major Influence as they depend on Seamless Integration, Flexibility, Business Pressures, Societal Pressures, Opportunities and Business Continuity I believe that the factors for the Integrated UAE Industrial-Academic Platform Successful Implementation depend on: (Express your opinion on the statement by marking the most appropriate one)

Integrated Platform	UAE Industrial- Academic Successful Implementation (IUIAPSI)	Strongly Disagree (1)	Disagree (2)	Neutral (3)	Agree (4)	Strongly Agree (5)
	Seamless Integration (IUIAPSI1)					
	Flexibility (IUIAPSI2)					
	Business Pressures (IUIAPSI3)					
	Societal Pressures (IUIAPSI4)					
	Opportunities (IUIAPSI5)					
	Business Continuity (IUIAPSI6)
