## The Destruction of the Oath

Pill counting Pharmacy Board high school muckers—  
Pretend medical treatment without ethics book—  
Like high school food delivery truckers—  
Telling best chefs how to cook.

The bureaucracy-insurance lagos source—  
Patients a veterinarianian pain—  
Medical Boards without Transcendental Force—  
Holy Love Treatment existence drain.

The murder by unpalatable laws—  
By royalty D.C. non-medical clan—  
An oppressive government filled with flaws—  
A greatness-pretense crying land.

Abortion, addiction, law, pain specialists—no resisters—  
Sleep with the demonic herd—  
They murder their own brothers and sisters—  
And do it by deed and word.

Medical care a complicated success guess—  
Every patient is special exact—  
The law should mind its own lying business—  
Even Hippocrates knew all that.

Brain chemistry more different than peoples' faces—  
Thousands of chemicals and subsystem fuels—  
Neuron millions synopsis billions self embraces—  
And artless law imposes the treatment rules?

Like Native Americans government paroled—  
Or sailors impressed ago many years—  
Royalty, KGB, Weimar Oath controlled—  
Putting physicians and patients in tears.

With Stanley Milgrim suggestibility—  
With Stanford Penitentiary Experiment sears—  
The Law knows medical care Y to Z—  
Putting physicians and patients in tears.

Public servant Darwinians gone “fittest” again—  
Machiavellian ignorance ruthless cheers—  
“Cops and robbers” the treatment refrain—  
Putting physicians and patients in tears.

Law worship has conquered all—  
Mindless bureaucracy overdose fears—  
Learned Medicine and Divinity fall free fall—  
Putting physicians and patients in tears.

Code books give planetary motion-  
Third Parties read animal entrails-  
Pre-Hippocratic “medicine” commotion-  
Insurance lags not curtailed.

But as earth recycles to fertile sod—  
With medical art and science enfutured—  
By Hippocratic offspring of the healing God—  
Once again patients will be cared for and cured.

The first seven quartets after the Paradigm respectively are the seven principles of the Oath of Hippocrates:

1. Teach and Art & Science of Medicine and practice as one **Family**.
2. No **death** promoted.
3. Morality in concert with planetary **Nature**.
4. **Records** are always private and confidential.
5. **Referral** with family colleagues for patient benefit.
6. Treat all the same regardless of **differences**.
7. All Medicine will be **cursed** if the Oath is not followed.

The remaining quartets respectively are descriptions of how the Oath was destroyed:

8. Pharmacists are ignorant status-seeking pretenders of medical care.
9. Non-practicing and bureaucrat physicians are destructively in charge.
10. Legislators irrationally dictate medical care.
11. The worst physicians cooperating in the death of the Hippocratic Oath.
12. The lies of law are not applicable to the variables of medical care.

13. The innumerable treatment variables cannot rationally be dictated by law.
14. Physicians are vassals and slaves on “reservations” known now as medical facilities.
15. The psychological processes which corrupt others to do evil as in Nazi Germany.
16. Public servants as medical terrorists.
17. Law worship destroys all including the Learned Professions of Medicine and Divinity.
18. Pre-Hippocratic medicine is back with contemporary planetary motion and entrails reading.
19. Hippocrates must return

As in the opening Paradigm, each of the first seven “Hippocratic practice” quartets respectively contain appropriate metaphorical reality linkages [and unstated analogues] to

BASIC PHYSICS: spectrum, dimension, event, field, uncertainty, singularity, quantum [force]

COMMUNITY UNIVERSALS: unity, Life, dignity, integrity, Liberty, spirituality, identity [Pursuit of Happiness]

ANGELIC HEIRARCHY (“angels” are “words”): Seraphim, Thrones, Principalities, Cherubim, Dominions, Archangels, Powers, Virtues, [guardian angels].

TRANSCENDENTALS: identity, existence, matter, truth, good, beauty, oneness

VIRTUES: hope, courage, faith, charity, temperance, justice, prudence [holiness]

[SACRAMENTS: Penance, Holy Orders, Baptism, Holy Communion, Matrimony, Extreme Unction, Confirmation, Grace]

[ART OF MEDICINE THERAPEUTIC VARIABLES: selective ignoring, non- reactive listening, precious life, subdued spontaneity non-self excluded, C<sup>2</sup>- consciousness-of-consciousness for the species, detached warmth and gentleness, affect assistance, Flag and Pledge of Mankind--“Make That Interaction Count”, Journal of Psychology and Clinical Psychiatry, 2015, 2(3): 00072.]

[THE LAST WORDS OF CHRIST: Father, forgive them for they know not what they do. This day you shall be with me in paradise. Mother behold your son; world, behold your mother. My God why have you forsaken me? I thirst. It is finished. Into thy hands I commend my spirit. The Earthquake.]
