

# Stay A Kid As Long As You Can — You Have A Right To Your Childhood!!

## Ten Suggestibility Prevention Hints

1. Do not be so impressionable. Do not be so suggestible.
2. Do not be so gullible about simple biological functions.
3. Do not be a “monkey see, monkey do copycat”—you are not A monkey (that is what they want you to be—think and do not imitate goofs).
4. Celebrities are fakes. It takes them hours to look that way, and they get paid to carry on like that (they are fakes!).
5. Believe nothing on television, in movies, on the internet or in newspapers without two confirmations from someone you trust. (Remember that “Journalism” is an “ism”—a religion and a royalty in the worst sense for its practitioners, who believe they have “divine rights” but are arrogant know-it-all without meaningful ethics and are really unworthy of the First Amendment. Almost all the press and media should be called “PRETENDISM”—not “journalism”—which is a word without meaning any longer.)
6. Do not believe or do anything except what is true, one, good and beautiful no matter what is done or believed by others (especially whatever from WLJs-White Liberal Journalists—who are tyrants in spite of themselves).
7. The spirit life means that you are what you think...so think matter, identity, truth, oneness, good and beauty, and all will be well.
8. In the long run, you will get whatever you have thought and done... So think and do what is true, one, good and beautiful (you are what you are doing—think about it. You will get what you have done—think even more about that!).
9. Boycott all antspiritual dehumanizing degrading anti-nature glitzy nonsense from the uncivilizing unreliable self-righteous sanctimonious press and media untouchables (they constitute an unconstitutional unrecognized state religion which ought to be done away with as it now exists).
10. Stay a kid as long as you can. You have a right to your childhood without adult craziness and without adult sexuality (including adult nudity). The privacy of your childhood is violated by adults exposing themselves to you. In addition, adulthood is a lot of work. You are not missing a thing. (Anyone who tells you different is trying to exploit you.)
